Amendments to the Claims:

This listing of claims will replace all prior versions and listings of claims in the application.

Listing of Claims:

 (Currently Amended) A medical device comprising: an implantable structure;

a basecoat matrix, including a combination of rapamycin and topotecan, in therapeutic dosages, incorporated in a first polymeric material, the basecoat matrix being affixed to the surface of the implantable medical device; and

a topcoat, including a second polymeric material, affixed to the basecoat matrix for controlling the elution rate of the rapamycin and the topotecan, the topotecan being present in a concentration of about seventy-five nanometers nanomolar to about three-hundred nanometers nanomolar.

- 4. (Cancelled)
- 5. (Cancelled)
- 6. (Original) The medical device according to claim 1, wherein the implantable structure comprises a stent.
- 7. (Original) The medical device according to claim 1, wherein the implantable structure comprises a stent-graft.

- 8. (Original) The medical device according to claim 1, wherein the implantable structure comprises an anastomosis device.
- (Previously Presented) The medical device according to claim

 wherein the second polymeric material is incompatible with
 the first polymeric material, thereby creating both a physical and
 chemical barrier to the elution of the rapamycin and
 topoisomerase I inhibitor.
- 10. (Original) The medical device according to claim 9, wherein the first polymeric material comprises a fluoropolymer.
- 11. (Original) The medical device according to claim 9, wherein the second polymeric material comprises an acrylic.
